ABOUT

I'm Syed Junaid Ulla, a pre-final year Computer Science Engineering student at Sri Siddhartha Institute of Technology, Tumkur. I'm passionate about web development, software development, networking, and emerging technologies like SDN and Mixed Reality. I enjoy learning new tools, building projects, and solving real-world problems. I'm currently looking for opportunities to apply my skills through internships and industry projects.

EDUCATION

- **Sri Siddhartha Institute of Technology, Tumkur** | B.Tech – Computer Science and Engineering | CGPA – 8.21
- **Vidhyanidhi PU College , Tumkur** | 1 st puc and 2 nd puc | Percentage – 81.3%
- **St Mary's CBSE School ,Tumkur** | SSLC | Percentage –83 %

PROJECTS

- **Front end projects** (using html, css and js), Created a fully responsive website for AIMS EVENTS Bangalore, regarding futureedcorp summit Qatar 2025 (check it out @ www.Futureedcorp.com)
- Created my digital portfolio regarding webdevelopment and hosted through GitHub and worked on many more clone projects
- **Hobby project** : Automated vehicle speed detector using arduino uno and IR sensors it is designed to measure a vehicle's speed by detecting the time it takes to pass between two infrared sensors. It helps in monitoring and controlling traffic speed, offering a low-cost solution for road safety management.
- **Pre final year project** : READIFY-SMART LABORATORY HUB, using MERN Stack (won 3rd prize in CSE dpt project exhibition) It is a role-based web platform designed to automate and streamline lab test evaluations for students and faculty. It features real-time coding, automated grading, and performance tracking to enhance efficiency and learning outcomes)

SKILLS & COMPETENCIES

- **Programming Languages:** C, C++, familiar with (python and js)
- **Web Technologies /Frameworks:** HTML5, CSS3, familiar with (Bootstrap, Wordpress, CMS, React, and node.js)
- **Familiar with:** OOPS, DSA, DAA, Operating System
- **Database Management:** MySQL, DBMS, familiar with (MongoDB)
- **Soft Skills:** Communication Skills, Teamwork & Collaboration, Adaptability & Continuous learning
- **Tools:** Git/GitHub, Visual Studio Code, Jupyter
- **Languages:** English, Kannada, Hindi, Urdu, Arabic

PARTICIPATIONS

- **Hackathons & Competitions:** Participated in coding competitions and hackathons
- **Volunteer** : Actively participated in IEEE and Varsity circle technical events like Samarthya & Technodea, also participated in social initiatives and community service through cultural programs of university, contributing to various non-technical outreach programs..
